

## 2015 BEEF AUSTRALIA HANDSHAKES PARTICIPANTS - ALLIED INDUSTRIES

Organisation	Company Overview	Competitive Advantage	Contact
<p>1. Aergo International</p> 	<p>Founded in 2004, Aergo International is globally recognized as one of the leading names in Passenger and Cargo Air Chartering.</p> <p>Since 2013, Aergo has deliberately focused on the Ag sector and opportunities for dedicated air freight services for exporters as the demand for premium products from Asia increases. Our approach to the Ag sector has been to learn firsthand from producers to understand their needs and challenges so that we are best positioned to provide viable charter solutions to our potential customers. Our mission is simple: To offer our clients exceptional service, unrivaled flexibility and unparalleled value.</p>	<p>Aergo's competitive advantage is our ability to provide our partners with a high degree of personalized and professional service, keeping them close to the logistics process of their export activities at all times. Our direct market approach also provides benefits to clients in terms of management and costs, shortening the often lengthy chain of communication in the exporting process.</p> <p>CURRENTLY EXPORT</p>	<p>Jamie Kennedy Ground Floor, 63 Lavarack Ave EAGLE FARM QLD 4007 Tel: +61 7 3632 0300 Mob: +61 488 777 714 <a href="mailto:jamie@aergo.com.au">jamie@aergo.com.au</a> <a href="http://www.aergo.com.au">www.aergo.com.au</a></p>
<p>2. Agribusiness Association of Australia</p> 	<p>The Agribusiness Association of Australia (AAA) aims to facilitate communication across the agri-food chain and to promote the contribution made by agribusiness to the Australian economy and community.</p> <p>The Association promotes the core values of openness and transparency in communication. The Association's activities promote value chain thinking and awareness as essential factors in the development of an efficient, profitable and dynamic agribusiness sector.</p>	<p>Unlike other national organisations, the AAA covers the total agribusiness sector across all industries and allows linkage between parties interested in promoting agribusiness and building their businesses. We commonly are asked to provide networking links between various countries and our Australian agribusiness. The handshake program is exactly what we do on a larger scale year round.</p> <p>DON'T CURRENTLY EXPORT BUT INTERESTED</p>	<p>Theresa Craig PO Box 1147 MALENY QLD 4552 Tel: +61 7 549 44425 Mob: +61 419 029 385 <a href="mailto:tmcraig@tara-source.com">tmcraig@tara-source.com</a> <a href="http://www.agribusiness.asn.au">www.agribusiness.asn.au</a></p>

<p>3. Agritravel</p> 	<p>Agritravel specialises in innovative trade missions, agribusiness tours and agricultural education exchange for farmers, agribusiness personnel and agricultural educationists.</p> <p>We specialise in technical beef, sheep and agricultural industry tours and travel opportunities for South Americans, Australians and New Zealanders.</p> <p>Agritravel is jointly arranging in conjunction with AustralTours (a Uruguayan based company) for a group of Uruguayan beef producers to come to Beef Australia 2015 and visit leading beef studs in Victoria and Queensland.</p>	<p>Mac McArthur Director Agritravel has twice visited Expo Prado in Montevideo Uruguay and has numerous business colleagues and contacts in the Uruguayan, Argentinean, Chilean and Falkland Islands beef/agricultural industries.</p> <p>Agritravel has a close cooperative business relationship with the Directors of AustralTours who have been involved in International agricultural and livestock tours for South Americans for over 15 years and regularly bring groups of South Americans to Beef Australia and Australians to South America.</p> <p>Agritravel also works with PIIAA a program bringing young South Americans to work in the Australian agricultural industries and train in agriculture in Australia. <p>26. PGG Wrightson Seeds</p> 	<p>PGG Wrightson Seeds has been in the Australian forage seed business since 1938 and introduced the first proprietary cultivar into Australia in 1987. Since this time we have proudly led the development of improved pasture plant genetics in this country. A truly national supplier of seed to Australia's farmers, PGG Wrightson Seeds has a complete range of proprietary temperate, tropical and sub-tropical range of seeds to suit a wide range of pasture and cropping operations.</p>	<p>PGG Wrightson Seeds' patented Envirogro® Seed Treatment Process. Envirogro® is a special cleaning and treatment process that removes the seed kernel from the husk of the bare seed, leaving the caryopses. The caryopses is then cleaned and pelleted, this includes insecticide and fertiliser to provide the seedling with improved success rates. Envirogro® provides a more consistent and rapid establishment of the chosen seed. The effort to sow many tropical species is significant and time consuming which leads to higher costs. Envirogro® reduces the time and cost and makes the process easier, leading to a better result and a happy farmer.</p> <p>CURRENTLY EXPORT</p>	<p>Gerry Dogao 24 Tinaroo Creek Rd Mareeba Qld 4880 Tel: +61 7 4086 2400 Mob: +61 407 113 719 <a href="mailto:gdogao@pggwrightsonseeds.com.au">gdogao@pggwrightsonseeds.com.au</a> <a href="http://www.pggwrightsonseeds.com.au">www.pggwrightsonseeds.com.au</a></p>
<p>27. Port of Townsville Limited</p> 	<p>Port of Townsville is one of the most diverse commodity ports in the country. It is the primary sea link to local mineral and agricultural regions, industrial heartlands and regional population centres. It is serviced by major national and state road and rail networks. Trade is around 12 million tonnes per annum and worth \$8 billion. The Port handles over 32 commodities on 9 operational berths and trades with 42 countries worldwide including ports in 19 Asian countries.</p>	<p>Port of Townsville is strategically important in supporting the future growth and development of the North Queensland Region and provides an international gateway for trade for Northern Australia. More than 8% of Queensland's international trade, by value, is handled over Townsville's berths, underlying the Port's standing as a major driver of economic growth and Northern Australia's port of choice. 2013/14 saw the record number of live cattle exports through Townsville, numbers in excess of 150,000 head. The upgrade of Berth 10, triple road train access and no night curfew provide a competitive advantage for regional producers.</p> <p>CURRENTLY EXPORT</p>	<p>Claudia Brumme-Smith Port of Townsville Limited Benwell Road TOWNSVILLE QLD 4810 Tel: +61 7 4781 1552 Mob: +61 409 084 293 <a href="mailto:cbrumme-smith@townsville-port.com.au">cbrumme-smith@townsville-port.com.au</a> <a href="http://www.townsville-port.com.au">www.townsville-port.com.au</a></p>

<p>41. Vyta Buzz Pty Ltd</p> 	<p>Our product is Dynavyte. Naturally fermented, it is a gut health product based on Humates, a great source of beneficial microbes. Specially formulated for use during times of stress including weaning, transport and sales, Dynavyte is a palatable liquid that can be added to water, coat grain, pour over hay or drench. Economical and proven to increase feed conversion, weight gain and reduce mortality rates. Formulated by a veterinarian, Dynavyte is cost effective and minimises losses in the herd.</p>	<p>Dynavyte is successfully launched in New Zealand. We are now exploring further export opportunities. The unique formulation of Dynavyte optimises production in all intensive livestock operations. The natural formulation of Dynavyte includes kelp sourced in Nova Scotia. This Kelp has documented anti-inflammatory and immune boosting properties that complement the gut health action in Dynavyte. The use of Humates in agriculture is well researched and while the science behind Humates is new to market, farmers have been utilising the benefits of Humates for centuries feeding peat, bog and silage. Dynavyte offers animals these benefits in all environments.</p> <p>CURRENTLY EXPORT</p>	<p>Maryann Thexton - CEO  311 Grandview Road  Pullenvale  BRISBANE QLD 4069  Tel: +61 7 3374 3014  Mob: +61 432 554 024  <a href="mailto:maryannthexton@hotmail.com">maryannthexton@hotmail.com</a>  <a href="http://www.dynavyte.com">www.dynavyte.com</a></p>
