<p>17. Flinders Shire Council (FSC)</p> 	<p>Flinders Shire Council is located in Hughenden some 380 kilometres west of Townsville. Flinders Shire is situated in Queensland's northwest division, home to around 20% of Queensland's 12 million cattle. A further 20% of the herd is located in adjoining regions. In 2014, Flinders Shire Council (FSC) took the first step to secure the region's place as a reliable, innovative supplier of quality Australian beef to growing markets in Asia, Middle East and other parts of the world.</p>	<p>Closure of meatworks in regional Queensland has reduced the marketing options for millions of cattle located in the states "outback" region, Demand for beef and beef co-products from Asia's expanding markets is intensifying and expected to increase over decades to com. This is why FSC is promoting the feasibility of a beef processing plant in Hughenden.
