

# BEEF AUSTRALIA

## Half-day Tour

# Arrow Cattle Yards

Tuesday, May 4

**Your Hosts, Arrow Farmquip welcome you to this half day tour of the Arrow demonstration yards located at Nerimbera, just outside Rockhampton, which will showcase the facility, including a fully operational set of stockyards with the latest low-stress stock handling products.**

On this tour participants will have access to a range of leaders in the field of cattle yard design, animal welfare and safety and security of livestock and property.

The handling and training of livestock and technologies in designing fit for purpose handling facilities are continuously improving. Participants will witness practical demonstrations on cattle handling and husbandry tasks related to animal well-being, stockmanship and low-stress livestock handling.

Other topics included in the half day program include: Updated

technologies used in yard design, Queensland Police Service discussion the importance of livestock management and identification to prevent rural crime, and health professionals discussion Q Fever and other zoonotic disease.

This tour offers participants an insight into evolving beef practices and highlights the benefits of low stress handling for cattle and producers.

Buses will depart the Arrow Cattle yards as 12.30pm returning to the Rockhampton Showgrounds at 1.00pm.
