

BEEF AUSTRALIA

Full-day Tour

Raglan Station

Monday, May 3

Your Hosts, Andrew and Roxanne Olive and family welcome you to 'Raglan Station' a world class cattle handling facility servicing the Live Export Trade from Port Alma, south of Rockhampton.

Highly regarded and renowned Brahman breeders Andrew, Roxanne and son Ryan Olive, warmly welcome guests to 'Raglan Station' during Beef Australia's Property Tours program in 2021.

The Olive family have been breeding Brahmans for more than 55 years, and run 2,000 head including stud and commercial cattle on their 12,000ha Raglan district property.

A cattle handling facility was instigated by Ryan Olive in 2018, to assist Central Queensland producers to access a live cattle exporting facility from Port Alma, South of Rockhampton, thus reducing freight and husbandry costs associated with shipping live cattle from centres further north.

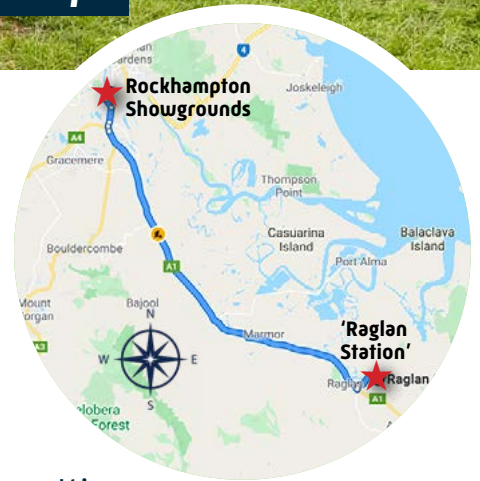

This central location offers local cattle producers the opportunity to access additional markets, whilst minimising

freight costs and additional stress on the animals, ensuring animal welfare.

A forum on Live Cattle Exports will include individual presentations from the Queensland Live Export Association President, an export Veterinarian, and International Feedlot representatives. Other topics that will be discussed during the day include future export opportunities from Central Queensland, animal welfare and marketing specifications.

After a visit to the cattle handling facility, guests will enjoy lunch and the opportunity to interact with the speakers.

The coach will depart Raglan Station at 1.30pm (approx) with a drive-by visit of the live export shipping facility at Port Alma, before returning to the Rockhampton Showgrounds at 3.30pm.
